

**Product Change Notice
(DRAM Transition)**

Released date: November 25, 2015

Dear Valued Customers,

Apacer hereby announces the Product Change Notice of the DRAM of SFD25H-MK product because DRAM vendor, Nanya informs the existing DRAM (PN: NT5CB128M16FP-DI) will be EOL in December, 31, 2015. There is no other change on the hardware of SFD25H -MK.

The details of changing description are listed at the below table:

PCN number:	E151125-01	Date:	11/25/2015
Affected Product Model	SFD25H -MK		
Subject :			
BOM changes of SFD25H -MK			
Description of Change:			
1. BOM is changed by DDR3 DRAM.			
	Existing	New	
	NT5CB128M16FP-DI	NT5CC128M16IP-DI	
2. New DRAM package is pin-to-pin compatible to the existing DRAM of SFD25H-MK without any other hardware change			
3. Firmware supporting and SSD performance are the same as the former one			
4. No other change is required			
Recommended Action:			
New DRAM is pin-to-pin compatible with the existing. Additionally SSD FW & performance are the same as the previous. So our customers don't need to qualify SFD25H-MK with new DRAM again. If need, Apacer can provide samples with new DRAM now.			
Description of Product Part Number Change:			
All part numbers are kept the same.			

If you have any questions and concerns with the content of this notice, please contact with your Apacer representatives.

Thank you for your continued support of Apacer products.
