

Product Change Notice

(Implementation of New Version Controller to UX110-UFM1)

Release date: Sep. 1, 2022

Dear Valued Customers,

Apacer hereby announces the Product Change Notice of implementing new version controller to UV110-UFM1 / UH110-UFM1. Please refer to the table below for details.

PCN Number:	EN220901-01	Release Date:	9/1/2022
Affected Product Model	UV110-UFM1 / UH110-UFM1		
Subject			
Implementation of new version controller to Apacer UV110-UFM1 / UH110-UFM1.			
Description of Change			
This PCN of controller revision is to add flash support of Kioxia BiCS5, current controller version (DB) will be discontinued and new version (DC) will be adopted for both BiCS3 and BiCS5 solutions. This change will not have impact on our BOM and firmware, both versions are pin to pin compatible. New controller version has been thoroughly tested by Apacer's qualification procedures, top side marking difference are illustrated as below.			
Item	Old (DB version)	New (DC version)	
CTL Appearance			
Recommended Action			
To ensure future supply continuity, Apacer recommends to qualify the new products with new controller for the following affected part numbers.
